31	CH	Darwin All Breeds Kennel Club	

Presidents Welcome

Hi Everyone! And welcome to 2007 training at Fred's Pass Positive Dog Training! We'll be back into it again on Tuesday 6 February, and this year our intake will be held at the Pony Club Shed side of the grounds (the Dressage grounds).

Dogs are not needed for this first intake – instead we've lined up some goodies to show you and will be holding a registration/information evening to get you off to a flying start. There's a lot to learn this semester, so give your pooches one night off & bring yourselves along.

We're making a few small changes this year – adding another beginner class (a "Woodstock" class to complement our "Snoopies") and introducing a social class where fun games and tricks will be learnt!

We are also planning some interstate training experts to run workshops in obedience and agility, and as usual we've got a variety of Judges coming from all over the country to officiate at our Trials and they usually offer us more advice and tips. So watch for details in future "Dogtails", to book your place and so you don't miss out! Our AGM is also coming up in February, so please come along and welcome new Committee members and hear more about our plans for the year.

Remember – except for our intake & AGM nights, which are happening rain hail or shine – our wet weather policy is "when it's raining, there's no training", so please contact your Instructors (or me!) if the weather looks "iffy" and practice homework indoors – just 5 repetitions in 5 minutes can make the world of difference to your dog – try it during the ad.'s on TV and see. - Heather
